

## WinShape Camps Summer Staff Appearance Guidelines – 2024 Updates

### PERSONAL APPEARANCE

A professional appearance, general neatness, and proper attire are important aspects of employment at WinShape Camps. Summer Staff are expected to adhere to professional dress and grooming standards suitable for their gender during the length of their employment, including off time. The personal appearance guidelines do not speak to the morals or characters of individuals. They simply help equip us to maximize our capacity to connect with the campers and families we serve and to prioritize the safety of our staff. These guidelines reflect the values of the WinShape Foundation.

### GENERAL

- Summer Staff are to present a professional, clean-cut appearance. Specific guidelines for attire and grooming are detailed within this document.
- WinShape-issued name badges are required and should be worn on the upper right chest of the outermost garment.
- During off time, staff may follow a relaxed dress code while keeping the representation of the wholesome environment we are striving to create in mind. Staff are not required to cover their tattoos or piercings and may wear sleeveless shirts while on off time.

*\*For Overnight Camps: If you are spending your off time on campus while camp is in session, please abide by the dress code, including policies around piercings and tattoos, until you're off campus.*
